

# THE EUROPEAN FUR SECTOR, IN LINE WITH THE POLISH PRESIDENCY

- › **7 200 fur farmers** in Europe,  
**120 000 jobs**, and particularly in rural areas
  - › **€ 1.5 billion** value of EU farmed fur
- › Europe, the **world leader** with  $\frac{2}{3}$  of the global fur production
  - › Poland, a major and growing fur producing nation with **800 farms**
  - › **€ 3 billion** value of European fur sales
  - › **Openness** to free trade and participation in EU trade talks with Russia

The new Polish Presidency aims for a competitive and “open” Europe with a modern and developed agriculture in rural areas and the liberalisation of trade restrictions ...  
...and we know the keys of success!
